THURSDAY EVENING MAY 20, 1880. Farmer and Gardener.

Germantown Telegraph's Seasonable Hints. This month is the best time to inspect the grafts put in this spring, carrying a cup of warm grafting wax with you, and fill up any defective waxing that may now present itself. The very high winds prevailing the whole of April and thus far in May have a tendency to harden and crack the wax, and thus expose the scion and the inside of the split to the air and moisture and prevent it from becoming attached to the wood on which the scion is desired

Follow this the latter part of June by going again over your grafts, and where the growth is too rampant clip off say onehalf of it. This will protect it against being broken off by the wind, aided by the heavy foliage, and will induce branching, thus causing it to spread and become a more compact and symmetrical growth. Frequently, too, small birds may be induced to light upon the graft when it shows an inviting resting-place, and break

The Coming Pear and Apple Crops. We have not heard from others, but so far as our own pear trees are concerned, we expect but a very much diminished crop this season. We scarcely ever remember the trees to blossom so sparsely. Even an old Catharine tree, which does not fail once in ten to twelve years to yield a cartload, this year will scarcely have more than a bushel. So with the old Windsor and Catillac, four of them altogether and all about one hundred and fifty years old, which make a smaller show of blooms than for a number of years. What there were set well and will no doubt produce a yield of larger fruit than when the trees are

The apple, on the contrary, if we can put faith in the blossoming of the trees, ought to give us an abundant crop in Eastern Pennsylvania. Every tree, it seems, however old and neglected it may be, has been covered with blooms, in fact to such an unusual extent as to cause it to be commented on by persons who know nothing about fruit-raising. Of late years, too, it is generally noticed that both apples and pears are more perfect than formerly, being less injured by insects; and we have not a doubt but that this is owing to the incessant labors of the imported house-Those who become especially observant of their industry for a single season must be convinced of the fact.

The Value of Small Things. We have often spoken of the convenience and value of a small tool house, which should be found upon the premises of every farmer, in which on rainy days, or ERS whenever there may be a day, or part of a day, when there is nothing particular on hand to go at, implements and machinery out of repair may be mended and made ready for use. Or, in the event of anything happening when in operation, and at times too when the work is hurrying, which would cause delay, we can always have at hand the necessary tools to mend it immediately and go on with the work without much delay, and thus accomplish what repair which he had to send two miles off, when it ought to have been done by himself on his own premises in half an hour or so. That very implement had shown weakness the preceding autumn, but having no little toolhouse or workshop of his own and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now, in the midst of the preceding autumn and the few necessary tools, it was put off alternative and now are in the workshop, on the large training too fast, as is often the case.

Hop Bitters Will Strengthen You.

Hop Bitters will strengthen Yo there is to do in the specified time. We himself on his own premises in half an hour or so. That very implement had shown weakness the preceding autumn, but having no little toolhouse or workshop of his own and the few necessary tools, it was put off altogether; and now, in the midst of the season, when others depended on his finishing this particular piece of work to go on with getting in the crop, the very thing happens that he was afraid several months before would happen, and which he fully intended should be prepared for in time for the season's work. A shop and tools would have saved all this and as much money as would have all this and as much money as would have and state of the season's work. A shop and tools would have saved all this and as much money as would have supplied the tools. Sometimes very small things effect valuable purposes which have ERS ERS ERS ERS ERS ERS ERS ERS ERS all this and as much money as would have a great deal to do in carrying on systemata great deal to do in carrying on systematically and at the right time the indispensation of the er's Drug Store, 9 East King street. ble operations of the farm.

M. A. St. Mars. St. Boniface, Manitoba, writes: "Dr. Thomas' Electric Oil is a public benefit. It has done wonders here, and has cared me of a bad cold in one day." For sale H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster, Pa. 27

Women Never Think!

Women Never Think!

If the crabbed old bachelor who uttered this sentiment could but witness the intense thought, deep study and thorough investigation of women in determining the best medicines to keep their families, well, and would note their sagacity and wisdom in selecting Hop Bitters as the best and demonstrating it by keeping their families in perpetual health, at a mere nominal expense, he would be forced to acknowledge that such sentiments are hase. to acknowledge that such sentiments are ba my15-2wd&w

A fashionable lady and her company were greatly rejoiced the other day by a Biddy's mistake, who, on being told toget some oil for the castor, served them all with a dose of Dr. Thomas' Electric Oil. Biddy's mistake was the means of curing a number of bad cases of coughs and colds. Result: They all keep it in the house as a speedy remedy for coughs, colds, &c. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street, Lancaster, Pa.

The Doctors Yielding. Ever since Prof. Green wrote to the Medical Record advising physicians everywhere to use the Sate Kidney and Liver Cure in their practice, it has been gaining in tavor with the profession. They can find nothing which is a substitute for it. R. Caulkins, M. D., of Rochester, N. Y., says he would now prescribe it to all who are afflicted with serious kidney and liver diseases.

North Queen Street.

STOP!! STOP!! Stop making a drug store of your stomach. Stop putting bitters, pills, liver invigorators, blood purifiers, calomel, blue pill, quinine, morphine, and all other drugs and quack medicines into your stomach, they kill instead of curing the body. This is my advice, after acting the physician for 31 years. If you'll examine the histories of nearly all medicine venders for the last 50 years, you will find the venders of these worthless compounds have all dled prematurely. Where is Schenck, Swayne (father and son), Brandreth, Ayers, Wishart, Jayne, Hobinsac, Mishler? All dead and buried as should be all such preparations. For 31 years I have cured all kinds of diseases when others fail, and I place my medicines (not poisons) on the outside of the body. To the sick who have tried one or twenty doctors, without any advantage, I would beg them to call and learn from scores of such persons who have been cured in a few days or weeks, at an expense of from \$2 to \$5. 16-Page Pamphlet free, full of cures. Over 160 astonishing cases in two months. John Goodman, rheumatism 19 years; Rev. J. Hunter, blind left eye for 16 years, sight restored: Wilson Hamilton, consumption 10 years; Christian Rooty, paralysis, brought to office in a carriage, can now walk anywhere; B. S. Kauffman, led in blind, can now see quite well; Chas. R. Leonard, catarrh and sore throat for years: Lewis Paulick, fits for 29 years, cured in a week; H. McGurk, dysand sore throat for years: Lewis Paulick, fits for 20 years, cured in a week: H. McGurk, dys-pepsia 10 years; D. N. Hughes, consumption and dyspepsia, gained 22 pounds. Catarrh cured for 50 cents.
